## Training for Emergencies in Wilderness and Remote Environments

Whether you're already an experienced outdoors person or a newer scout leader, our Wilderness and Remote First Aid course gives you the skills you need to respond to an emergency when help may be delayed. It is valuable for anyone, and if you are taking scouts on a High Adventure trip such as Philmont, leaders are required to have this training.

Topics include:

- Primary and Secondary Assessments
- Head (Brain), Neck and Spinal Injuries
- Heat-Related Emergencies and Hypothermia
- Altitude-Related Illnesses, Allergies and Anaphylaxis
- Bone and Joint Injuries and Burns
- Wounds and Wound Infection
- And more!

The course is based on the Boy Scouts of America Wilderness First Aid Curriculum and Doctrine Guidelines and meets the requirements for participation in High Adventure activities.

**Note that a valid CPR certification is required for completion of the WFA class. Information on CPR classes will be sent to all registrants.**
